
September 6th, 2021

Dear Residents, Families, and Associates of First Colonial Inn.

I would like to update you on the status of our last testing date results from 9/2/21. All test returned **NEGATIVE!!** Most individuals who have tested positive on past test are in stable condition and 2 residents are still in the hospital as previously reported for added support. As of today, 32 residents that were positive cases have fully recovered and are cleared from isolation.

We will continue testing twice weekly until we are clear of COVID-19 within the community. **Our next date for COVID testing will be Wednesday 9/8/21 from 8am - 1pm.** We will be coming door to door to your apartment to administer your test. Before we can lift our quarantine, we need to have 4 consecutive negative COVID test for our resident and associates. Residents that have tested positive will not be tested again until after 90 days as instructed by the CDC. As mentioned in previous letters, we intend to conduct this type of testing for the foreseeable future to help us quickly identify and respond to any new cases to help keep our community safe.

Now that we have an all-NEGATIVE test this last week, we can begin to do the following:

- Residents can go for walks outside with their KN95 mask on at all times while social distancing
- Residents can now come down to get their mail while social distancing
- Residents may go to the laundry room with your mask on at all times and social distance.
- You may leave the community and come back always wearing a mask.

Please continue to adhere to the following for the safety of everyone:

- The dining room is still closed, and meals are through room delivery only
- No group activities.
- All common areas are closed; this includes the fitness center and salon.
- No social gatherings in any common areas including the lobby
- No social gatherings outside. If you want to sit outside after walking it must be with your mask on and social distanced from anyone else.
- KN95 mask must be always worn when out of your apartment.

➤ No visitors at this time.

It is imperative that these guidelines be followed to ensure we stop the spread of COVID and can come off our quarantine.

Thank you for your cooperation in these difficult times.

Sincerely,
Monica Adcock
Executive Director
