

A MESSAGE FROM THE EXECUTIVE DIRECTOR

SANDRA GARUTTI
EXECUTIVE DIRECTOR

September 3, 2021

Dear Residents, Families, Associates, and Friends of The Fountains;

The Fountains continues to COVID-19 test all residents and associates weekly. We currently have no new cases of the virus in the community.

Life inside and outside the community is in full swing. We've had such beautiful weather, our residents are enjoying our many outdoor activities and spaces. We have plenty to do inside for those that do not want to venture out just yet. Residents enjoy growing vegetables and flowers in our raised garden boxes and taking a stroll on our 3/4 miles Cypress Trail paved walking path. We have an incredible Artisan Series class available for those who are interested in tapping into their creative side and plenty of indoor games and movies. We specialize in a wide range of activities to be sure we have something for everyone.

Kisco hosted it's second annual Online Spelling Bee competition for our communities to compete against each other, all in the name of fun. An associate and a resident team up from each community and the game begins. The Fountains came in Second place this year! We could not be prouder of our associate Tina and our resident Barbara. Great Job Ladies!

We just completed our 2nd Resident Satisfaction Survey in 2021 and are digging into those results to learn what areas our residents want us to keep doing well and the areas they feel we have for continued improvement.

If you have never visited this amazing community I encourage you to stop by. I promise we will not disappoint!

Thank you for your continued support as we navigate through these unusual circumstances together.

Sandy Garutti
The Fountains
Executive Director
